

GAËTANELLE GILQUIN is a Professor of English Language and Linguistics at UCLouvain. She specializes in corpus linguistics and learner corpus research. She has been involved in the compilation of several corpora, including the Louvain International Database of Spoken English Interlanguage (LINDSEI), the New Englishes Student Interviews corpus (NESSI) and the Process Corpus of English in Education (PROCEED), as well as their exploitation for theoretical, descriptive and pedagogical purposes. She is one of the editors of the Cambridge Handbook of Learner Corpus Research and of the Corpora and Language in Use book series.

TITLE OF THE TALK:

Language in real time: What can process corpus data reveal about cognition?
